Extracurricular Activities

- Skilled in sports, especially cricket; represented U19 team at club level
- Good at chess
- Enjoy watching movies

Career Objective

Motivated college student specializing in frontend and web development, proficient in HTML, CSS, JavaScript, React, and Tailwind CSS. Eager to apply academic knowledge and hands-on skills in a collaborative, growth-focused environment.

Education

Parul University of Engineering and Technology, Vadodara
2021 - 2025
B.Tech. - CSE - PIET
CGPA: 6.96 / 10

Shaishav School
Higher Secondary
2021

Projects

- **Book Management App:**
Tech Stack: MongoDB, Express.js, React, Node.js, Tailwind CSS
A MERN stack application for managing book records with complete CRUD functionality.
Project/Repo Link: Book Management App
- **Nutrition Meter:**
Tech Stack: React, Tailwind CSS, Firebase Hosting
A web app to track daily nutrition intake, including calories, protein, carbs, and fat. CRUD operations, deployed on Firebase Hosting.
Project/Repo Link: Nutrition Meter
- **Ad Management System: User-Driven Advertising Solution**
Tech Stack: MERN Stack (MongoDB, Express, React, Node.js), Postman, Tailwind CSS
This web application allows users to authenticate, manage their profiles, and view their ordered advertisements. It includes user authentication with MongoDB, API testing with Postman, and CRUD operations. Users can select from predefined ad models, making it a complete solution for digital ad management.
Project/Repo Link: Ad Management System

Assessments / Certifications

- **The Complete 2024 Web Development Bootcamp (Full-Stack Development)**
Key Skills: HTML, CSS, JavaScript, Node.js, React, MongoDB, SQL, Express.js
Completed a 62-hour course, covering web development tools, responsive design, version control, APIs, databases, and Web3.
- **Data Analytics with Python**
Aggregate: 66 / 100
Key Skills: Python (NumPy, Pandas, Matplotlib)
Coursework on data science problem-solving, including exploratory data analysis and data preprocessing.
